

CubeSaver

TRACK MOUNTED BULKHEAD

DESIGN & MATERIALS

- The CubeSaver allows loading of an odd number of pallets in different temperature zones with the optional offset.
- Patented dual track system allows bulkhead sections to move independently.
- Integrated ArmorPly flexible impact liner.
- Closed cell core.
- Heat-welded seams that seal out moisture and bacteria.

Patent pending
composite stiffeners
for consistently
straight bulkheads

EASY HANDLING

- The track design and lift assists combine with the Re-Flex® Bulkhead for an easy lifting solution to track bulkheads.
- The CubeSaver features the patented Auto-Stop lift assist, security chains and rope stops for the ultimate in safety.
