

Multi-Temp Planning Guide

- This questionnaire is designed to provide our Multi-Temp Specialists with some of the details necessary to develop your ideal trailer configuration.
- Upon completion and return of this Planning Guide we will perform a complete analysis of your distribution needs. From this analysis we will provide you with a number of drawings detailing multi-temp trailers/bodies that will best fit your distribution practices.

Please Check All That Apply
 Portable Insulated Bulkheads
 Track Mounted Insulated Bulkheads
 Center Partition Systems
 Insulated Blankets
 Refrigerated Boxes
 Other _____
(Please fill in response)
- Recently the “buzz” word in the refrigerated transportation industry has been **Positive Temperature Control**. This essentially means having a refrigeration system (Main unit, remote evaporators, etc.) to control the temperatures for **each compartment** (other than ambient) in a trailer. With this definition in mind, does your organization currently have Positive Temperature Control in their multi-temp trailers? (The use of fan kits/vents does not constitute Positive Temp Control)
 Yes
 No
- Does your organization distribute with trailers or straight trucks?
 Trailers
 Straight Trucks
 Both
IF BOTH PLEASE LIST % OF EACH.
Trailers _____
Straight Trucks _____
- Which of the following options do you use in your trailers/bodies?

Please Check All That Apply

- Walk ramps Side Doors
 Lift Gates None Other _____
(Please fill in response)

6. Which type of rear door do you use in your trailers/bodies?

- Swing Doors Roll-up Door with Cavity Roll-up Door without Cavity

7. Which of the following practices do you use to load your trailers/bodies?

Please Check All That Apply

- Pallets Hand Load Fork Truck
 4 Wheeled Carts Two Wheeled Carts Other _____
 Std. Pallet Jack Electric Pallet Jack (Please fill in response)

8. Which of the following practices do you use to unload your trailers/bodies during delivery?

Please Check All That Apply

- Pallets Hand Fork Truck
 4 Wheeled Carts Two Wheeled Carts Other _____
 Std. Pallet Jack Electric Pallet Jack (Please fill in response)

12. Does your organization backhaul after the completion of the delivery route?

- Yes
 No **→SKIP TO NEXT PAGE**

13. What types of loads do you backhaul? **Please Check All That Apply**

- Single Temp Multi-temp Dry Goods

14. Do you use pallets when you backhaul?

- Yes No

Multi-Temp Planning Information

1. Which refrigeration manufacturer do you prefer?
 Carrier
 Thermo King
 I Do Not Have A Preference

2. Do you have a preferred trailer/body manufacturer?
IF YES PLEASE LIST.
 Yes _____
 No

3. Are you planning to:
 Purchase new refrigerated trailers/bodies
 Retro-fit existing trailers/bodies
 Unsure

4. What length trailers/bodies were you planning on using?

5. What width trailers/bodies are you planning to use?
 96"
 102"
 Other _____

6. How many controlled temperature zones will you require?
 Two
 Three
 Four

7. What percentage of each temperature zone will your new trailers/bodies require?
Deep Frozen _____ %
Frozen _____ %
Fresh _____ %
Produce _____ %
Dry _____ %
= 100% _____

8. What temps will you require in each of these compartments?
Deep Frozen _____ Fresh _____ Dry _____
Frozen _____

9. What is the high and low ambient temperatures in the area of the country you will be using these trailers/bodies?

High Temp _____

Low Temp _____

9. What is your current trailer/body insulation spec?

Walls....." Unsure

Ceiling....." Unsure

Floor....." Unsure

11. What is your average number of stops per route?

12. What is your average length of time per stop?

13. What type of pallets do you primarily use in your trailers?

Wooden

Plastic

Do Not Use Pallets **→SKIP TO 15**

14. What size pallets do you use in your trailers?

15. What type of multi-temp equipment are you looking to place into your future trailers/bodies?

Portable Insulated Bulkheads

Center Partition Systems – Cube Systems

Track Mounted Insulated Bulkheads

No Opinion

Center Partition Systems – Front Wall Systems

Other _____
(Please fill in response)

16. Please provide any other information you feel would be helpful in developing your multi-temp spec?

➤ Once you have completed this Multi-Temp Planning Guide, please return it to F/G Products. You may either send via fax at **715-736-0989**, e-mail at **sales@fgproducts.com**, or mail it to us at: FG Products, 3000 Pioneer Ave, Rice Lake, WI 54868.

➤ If you have any questions please contact us at **800-247-3854**. We look forward to working with you on your upcoming multi-temp needs.
