

Uni-Flow

**Two-Temp
Blower**

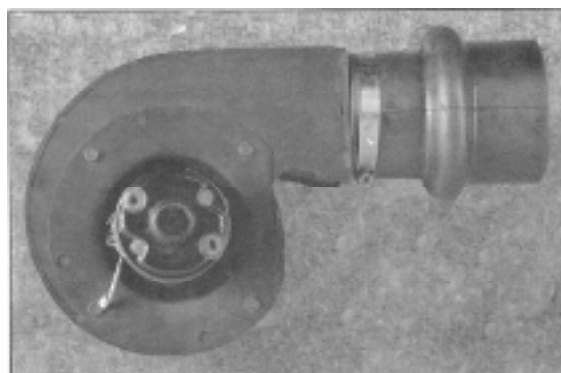

UNI-FLOW BLOWER

The F/G **Uni-Flow Blower** eliminates the hassles of common fan kits by mounting in an upper corner of the trailer and remaining there! The blower also remains in the trailer during loading and unloading.

BLOWER FEATURES

- ◆ Elimination of fan wire problems
- ◆ No moving parts in bulkhead
- ◆ Eliminates need for remotes in warm climates
- ◆ Installation Kit
- ◆ Return air vent grill with neoprene flapper
- ◆ Thermometer shows temperature of medium temp compartment
- ◆ No more plugging in and unplugging fan
- ◆ Economical, cools like a remote at a fraction of the cost
- ◆ PVC tubing is used for air transfer
- ◆ Long life electric motor (5000 hours)
- ◆ Air deflector at end of PVC tubing
- ◆ Adjustable thermostat
