

The Best in the business

For many distributors, dividing the trailer/body down the center is more efficient. Each route is challenging for loaders, drivers and temperature requirements.

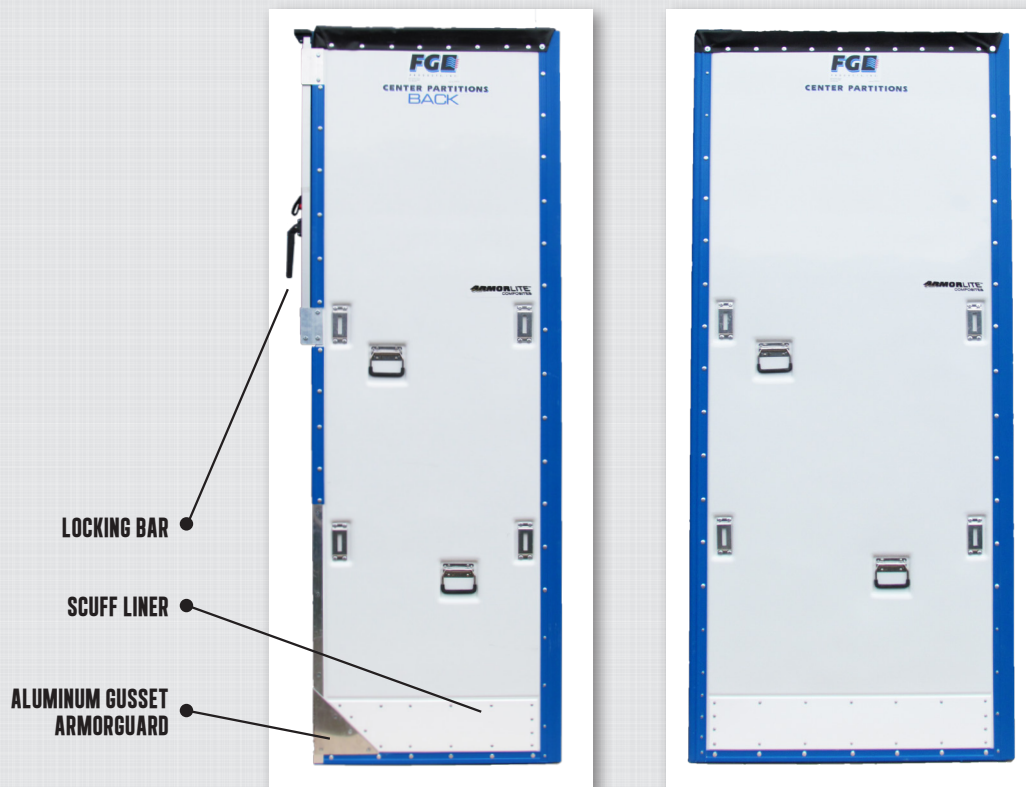

FG Products can provide you with innovative options to open new opportunities.

We offer:

- Armorlite® Composite Construction
- HDPE Scuff Liner
- Corrosion Free Hardware
- Completely Recessed Hardware
- Ergonomic Handle Placement
- Single pocket and full-length logistic track
- Stock and custom panel sizes to fit your exact requirements.

Center Partition Configurations

Utilize our configuration service to develop a system specific to your distribution requirements.

PANELS ARE DESIGNED TO MATCH AND WORK WITH EVERY TYPE OF REFRIGERATED UNIT.

IMPROVED EFFICIENCY • IMPROVED FLEXIBILITY • IMPROVED FOOD AND DRIVER SAFETY

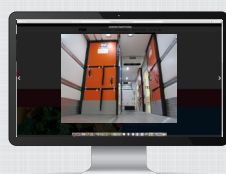

CENTER PARTITION SYSTEMS

The Finest in Refrigerated Transportation Products Since 1962
