3	SLAH: Bolt, washer, nut combo	4
	AC-1132046: Self drilling screws	4
4	UMB: Universal mounting bracket	1 – Cut to size
5	8” STRIP CURTAIN	Width Specific
6	UMB RETAINING BAR	Width Specific

Note: Vehicle Mounting fasteners not included in the kit due to variations in Construction.

- **Installation of the mounting bracket varies depending on the type of rear door present.**
 - **In the case of a swing door, the mounting bracket can be directly fastened to the ceiling.**
 - **In case of a roll-up door, additional hardware needs to be used as shown in the image above. (Note: Holes will need to be drilled into the mounting bracket to successfully attach this hardware)**

- **Hang the strip curtains on the studs available on the mounting bracket. Start from the left keeping a 2" (25%) overlap as shown in the image.**
- **Lock the curtains in position using the retaining brackets, making sure the bent edge is facing away from the curtain, and the lock nuts provided; as shown in the image.**
