

UNI-FLOW AIR SYSTEMS

VORTEX

RETURN AIR BULKHEAD

Reduce short-cycling and maintain uniform product temperatures with the Vortex.

- Patented installation design.
- Independent pallet stops. Replace only the high impact area, not the entire bulkhead.
- Pre-installed filter screen.
- Largest intake capacity in the industry.
- 100% rotationally molded polyethylene for uniform thickness.

A VORTEX WITH ONE PAIR OF PALLET STOPS

LIFT-OFF REMOVAL IN SECONDS

REPLACE ONLY THE STOPS

NO HINGES • NO TOOLS • 100% RECYCLABLE
